A11y, WCAG/ WAI-ARIA
Figma, Balsamiq, PhotoShop
Architecture, Design Patterns
OOPs, MVC, FP
HIPAA
SDLC
GSAP / FLIP / PixiJs / CreateJs
AS3/Flash/Flex
Haxe, OpenFL
AWS, GCP, Azure
CMS, LMS, SCORM, Moodle
MongoDB, Firebase

Domain Experience:

HealthCare
ECommerce
Gaming
Elearning

Education:

Dimploms in Fine Arts
Diploma in Multimedia

Relevant Experience:

Associated with both product and service industry over 23+ years in IT focusing primarily on frontend applications and solutioning for multiplatform environments. (Web/ Mobile/ Desktop/ Hybrids [PWA])

Comfortable dealing with ambiguity in changing environment, ability to self-start working on own initiative with minimal supervision and/or work in collaborative environment, handling teams and interfacing clients to define solutions and software architecture to meet all functional and non-functional requirements.

Hands-on leader in the front-end web-development project life-cycle from PoC/pitch/prototyping through definition and design to build, ensuring efficient and effective development and testing methodologies, conceptualizing original ideas to bring simplicity and user friendliness to complex designs.

Strong understanding of Frontend UI architectures (micro-frontends) and knowledge of integration with Backend services / micro-services.

Tech analysis of requirements and proposal making (RFP and PoC for pre-sales team)

Industry Knowledge:

Gap analysis, estimations, WBS
Experience with products and SDLC.
Architecting with modern tooling JAM / MERN stack
Advocating best coding practices, performance tuning (Error-Handling, Memory Leaks)
Proficient with web graphics, svg (optimization techniques), WAI-ARIA, WCAG, 508, A11y, I18n (standards), CI/CD, UI integration, JSON, XML, RestAPIs integration & plugin development.
Ardent follower of Agile/Scrum, Gnatt, Confluence, BaseCamp, GIT, Clubhouse, Microsoft Flow for setting efficient workflow, debugging/trouble-shooting and automation.
Good understanding of UX and complies with it’s standards
Team leadership in dynamic environments
Modernization of legacy projects / products

Certification/Training:

SCRUM Certified
Google Cloud Digital Leader Certified
